Full-Mouth Reconstruction:
Advanced Principles and Practice for the GP – Implants, Aesthetics and Occlusion

Learn to diagnose, treat, and manage difficult conventional and implant-supported full-mouth reconstruction cases. Refine your clinical skills and theoretical knowledge in all facets of prosthodontics. Understand the rationale of articulation and occlusion-driven diagnosis and treatment planning in fixed, removable, and implant prostheses. Learn provisional restoration, communication, and photography, as they set up any case for success. Restore different types of ceramic restorations with leaders in dental technology. Using computer-aided designs and CAD/CAM technologies, we can create aesthetic long-term prosthetics with a sound occlusion. Advanced education on materials, Tmj, aesthetic, and implant dentistry will also be demonstrated. Participants will work closely with teaching faculty and master dental technicians to enhance a team approach to full-mouth reconstruction from a prosthodontic perspective.

ARE PATIENTS PROVIDED?
Yes. The NYUCD Linhart Continuing Dental Education Program will provide patients.

WHAT IS THE LENGTH OF THE PROGRAM?
The program is one (1) year from September 2016-2017 with the option to return for a second year. The course hours are as follows:

WHAT ARE THE COURSE HOURS?
FRIDAYS:
8:00 am – 9:30 am Case Review and/or Lecture
9:30 am – 1:00 pm Clinic
1:30 pm – 3:00 pm Clinic and/or Lecture

COURSE REQUIREMENTS
Participants must meet all patient treatment care issues including legal recordkeeping requirements as determined by New York University College of Dentistry. Participants must achieve at least a 95% attendance record in both clinic and lecture sessions over the one-year program.

HOW MANY PARTICIPANTS ARE ENROLLED?
There are approximately 12 participants enrolled in the course.

CREDIT HOURS
200. New York University College of Dentistry is an ADA/CERP recognized provider.

NEW YORK STATE DENTAL LICENSE
All clinical participants are required to obtain a New York State dental license in order to treat clinic patients in New York State. Contact the Linhart Continuing Dental Education Program at New York University College of Dentistry for further details on the application process if necessary.

WHAT IS THE COST OF THE PROGRAM?
For the 2016-2017 academic year beginning September 2016, the registration fee is $13,300. A payment plan is available:

First Payment $4,900 Due June 1, 2016
Second Payment $4,200 Due December 1, 2016
Third Payment $4,200 Due March 1, 2017

There is a one-time non-refundable clinic registration fee of $450 due within two (2) weeks of acceptance into the program.

WHAT SUPPLIES ARE PROVIDED BY PARTICIPANTS?
It is suggested that participants use an ARTEX Facebow. Specifics will be provided by the course director prior to the September start date. Participants are also required to supply a laptop computer and optional digital camera for case presentations.
