* Degree granted by the NYU Graduate School of Arts and Science

Patients:

Approximately 298,000 patient visits are made each year to the College’s treatment centers.

Locations and Facilities:

New York University College of Dentistry is comprised of three buildings located on First Avenue, from East 24th Street to East 26th Street, in the heart of the NYU health sciences corridor. These buildings are the 11-story Arnold and Marie Schwartz Hall of Dental Sciences, the adjoining K.B. Weissman Clinical Science Building, and the new 13-story inter-professional building located at 433 First Avenue. The new building opened in January 2015. It provides an additional 55,000 square-feet of teaching and research space for the College of Dentistry plus a home for the NYU College of Nursing and research space for the new NYU Polytechnic Bioengineering Institute. The new building also features a 10,000 square-foot Learning Commons shared by dental, nursing, and bioengineering students.
