ABOUT THE PROGRAM

Designed for general practitioners interested in treating more difficult Invisalign® cases, the Invisalign Intermediate course builds on the skills learned in the introductory program and introduces advanced Invisalign principles, tips, and techniques. This 4-hour course delivers insights from your colleagues to assist you in gaining clinical confidence with Invisalign, help you achieve great clinical results and enhance your overall knowledge of the Invisalign System. During this course you will review the most common cases that move through a typical GP practice each day and focus on how to take advantage of Invisalign Full’s capabilities to achieve excellent clinical outcomes.

EDUCATIONAL OBJECTIVES

At the conclusion of the program, you will be able to:
- Treatment plan more effectively
- Confidently treat more of the most common cases in your practice
- Manage cases during treatment
- Understand how to efficiently utilize Invisalign Full and advanced ClinCheck tools
