Dr. Stephen CHU

Dr. Chu is Associate Professor and Director of Esthetic Education at Columbia University College of Dental Medicine. He is also a clinical associate professor at New York University College of Dentistry. In addition, he is on the faculty of Interdisciplinary Education Academy [IDEA] in San Mateo, CA. Dr. Chu has published over 40 articles, 4 textbook chapters, 3 textbooks and has given over 150 lectures nationally and internationally on the subjects of esthetic, restorative, and implant dentistry. He is the recipient of the distinguished lecturer award from the European Academy of Esthetic Dentistry. Dr. Chu is on the editorial review board of several peer-reviewed dental journals and is the editor of the Color Corner, a section of the American Journal of Esthetic Dentistry. Dr. Chu is the creator of Chu’s Aesthetic Gauges manufactured by Hu-Friedy Co., Inc. He maintains a private practice in fixed prosthodontics and esthetic dentistry in New York City.

“Micro-Aesthetic Determinants for Teeth and Implants”

Comprehensive treatment planning of the complex aesthetic restorative case involving teeth and implants can be challenging. The key to success is to understand and develop predictable strategies in patient care.

The presentation will focus on diagnosis of facial, dento-facial, dental, and gingival discrepancies. Solutions will focus on interdisciplinary treatment, including orthodontics, periodontics, restorative, and implant dentistry. The latest research in these areas will be presented as well as innovative instrumentation to obtain these goals.
