Oral Cavity Cancer

A COMPREHENSIVE MULTIDISCIPLINARY APPROACH

Friday–Saturday, November 2–3, 2018

New York, NY

nyulmc.org/oralcancerCME
COURSE DIRECTORS

A. Ross Kerr, DDS, MSD  
Clinical Professor,  
Department of Oral and Maxillofacial Pathology,  
Radiology and Medicine, NYU College of Dentistry

Mark S. Persky, MD  
Professor of Otolaryngology—Head and Neck Surgery  
Co-Director, Head and Neck Institute

COURSE DESCRIPTION
The oral cavity is the most common site for cancer to develop within the upper aerodigestive tract. The majority are squamous cell carcinomas and often their development is preceded by oral potentially malignant disorders (OPMDs) such as leukoplakia or erythroplakia. This course will examine the entire spectrum of oral cavity carcinomas and OPMDs including epidemiology, etiology, evaluation, treatment strategies (including surgery, reconstructive options, radiation, chemotherapy, and targeted/immunotherapy regimens), treatment-related complications, and post-treatment surveillance. The goal of this course is to foster cooperative multidisciplinary and interprofessional care in order to optimize patient outcomes and quality of life. It will include presentation of pertinent topics as well as audience interactive panel discussions of timely and controversial issues.

EDUCATIONAL OBJECTIVES
After participating in this activity, clinicians should be able to:

• Describe the current classification of oral cancer and OPMDs
• Recognize and evaluate the most recent trends in the epidemiology of oral cancer and OPMDs, including risk factors
• Determine how to translate the latest ‘omics’ research (genomics and others) into practice
• Recognize the variable clinical presentations of oral cancer and OPMDs
• Implement clinical algorithms for the diagnosis of OPMDs and the evidence for the use of diagnostic adjuncts
• Integrate pathologic and contemporary imaging parameters to facilitate staging (i.e. utilizing recently updated AJCC staging criteria)
• Describe the various protocols of adjuvant treatment and recognize the indication for adjuvant therapy
• Describe the acute and long term consequences of oral cavity surgery and the various modes of adjuvant treatment
• Recognize the need for multidisciplinary reconstructive expertise with diverse experience in complex compound flap reconstructive methods
• Provide patient supportive personnel to optimize post-treatment oral/swallowing function and quality of life
TARGET AUDIENCE
Head and neck oncologic surgeons, oral maxillofacial surgeons, radiation oncologists, medical oncologists, pathologists, oral medicine specialists, maxillofacial prosthodontists, general dentists, speech/swallowing therapists, nurses, physician assistants and other allied clinicians who provide care to patients with oral cavity carcinoma or OPMDs

LOCATION
NYU Langone Health Smilow Seminar Room
550 First Avenue
New York, NY 10016

COURSE FEES
Full—Physicians/Dentists: $249
Reduced*: $159
NYU Langone Faculty and Staff: $129

* Reduced fee applies to physicians and dentists in training; physicians employed by the Department of Veterans Affairs Medical Center; full-time active military personnel; retired physicians; advanced practice providers; and all other non-physician and non-dentist healthcare professionals.

Please note: This course is eligible for NYU School of Medicine Alumni discount.

REGISTRATION
nyulmc.org/oralcancercme

After 12 pm on October 31, 2018, only onsite registration is available, provided the course has not reached capacity. Onsite registrants will incur an additional $20 charge. Registration is non-transferable.

ELECTRONIC SYLLABUS
Course syllabus will only be distributed electronically. A link will be sent the week of the course where you can view, download or print course information and presentations in advance. This link will also allow you to view the course syllabus on your smartphone, tablet, or laptop during the course. Course presentations remain available for one year after the course.

REFUND POLICY
Submit your request for a refund of course fees more than $75 no later than 7 days before the course start date. No refunds will be issued for cancellations or no-shows after that time. To request a refund, email cme@nyumc.org. A $75 administrative fee will be deducted.

COURSE CANCELLATION POLICY
If a course is cancelled due to inclement weather, insufficient enrollment, or any other reason, NYU SOM will refund registration fees in full. NYU SOM will provide at least two weeks’ advance notice if cancelling due to insufficient enrollment and as soon as possible in all other circumstances. NYU SOM is not responsible for any airfare, hotel, or other non-cancellable costs incurred by the registrant.
