The Future of Dentistry.
13th Annual Global Implantology Week
March 13-16 | 2023
ZimVie and NYU College of Dentistry invite you to join us for this four-day event co-sponsored by the world-renowned NYU College of Dentistry

The Future is Ours to Transform

ZimVie Dental and NYU College of Dentistry are excited to announce that our 13th Annual Global Implantology Week will be returning to the NYU College of Dentistry for a live, in-person event. This event offers a world-class lineup of renowned professionals presenting a curriculum that emphasizes digital workflows and other rapidly developing technologies in implant dentistry.

And to celebrate our return to the NYU campus, we have a special opportunity to add a DSDx Day course to the end of the symposium. This course will be hosted by DSD Founder and CEO, Christian Coachman where he will help you prepare for the future of dentistry today!

We look forward to welcoming everyone to the NYU College of Dentistry for another extraordinary symposium!

Please don’t miss out on this annual event.

DSDx Day: The Gateway to Comprehensive, Digital, and Aesthetic Dentistry

DSDx Day is a game-changing day of visionary education. More than ever before, dentists are facing challenges that prevent them from enjoying a successful and enjoyable career. Overcoming these common obstacles will help dentists increase their profit, work fewer hours, and experience more of the dentistry they truly love.

PROGRAM OBJECTIVES:

• Understand what comprehensive digital dentistry is and why you should be doing it.
• Identify the challenges that are holding you back and the solutions to overcome them.
• Discover how you can take advantage of new technology and trends.
• Get an introduction to real digital dentistry and workflows.
• Get a taste of DSD and how it could positively impact your dental clinic.

Get an introduction to real digital dentistry and workflows.
